ITEM 2 – MATERIAL CHANGES

This brochure, dated March 24, 2025, has been prepared by Promenade Wealth to meet state requirements. This section only addresses material changes that have been incorporated since our last annual posting of this document on the public disclosure website (IAPD) <https://adviserinfo.sec.gov/>. This brochure will be amended **anytime there is a material change** and this section will include a summary of any material changes

Changes since our last filing:

ITEM 4 – ADVISORY BUSINESS

- Updated Assets under Management: As of December 31, 2024, the firm has **\$67,466,000** in discretionary reportable assets under management and \$0 in non-discretionary reportable assets under management for a total of **\$67,466,000** in assets under management.
- The Hourly Rate for Financial Planning and Consulting Services has increased from \$250/hour to \$300/hour and flat fee Financial Plans are no longer offered.
- Complimentary Financial Planning for asset management clients is now limited to clients with \$500,000 or more of assets under management.

ITEM 15 – CUSTODY

ADDED LANGUAGE:

As described in Item 9 B of ADV Part 1A Promenade Wealth has custody of client funds and securities in connection with advisory services. Both the amount and number of clients included in the Item 9 of ADV Part 1 custody figures are solely because of the SLOA(s); and the firm hereby attests that the investment adviser is complying with each of the requirements and conditions enumerated in [Securities Act Policy Statement 23](#)

ITEM 4 – ADVISORY BUSINESS

4a: Firm Description

Promenade Wealth LLC dba Promenade Wealth was established in 2019 by Anita L. Gray. Promenade Wealth became registered in the State of Washington in 2020. Our main office is located in North Bend, Washington.

4a1: Principal Member

- Anita L. Gray, Managing Member/Chief Compliance Officer: Ms. Gray may be contacted by email at anita@promenadewealth.com or by telephone at (206) 641-9019.

4b: Types of Advisory Services

Promenade Wealth offers a variety of investment advisory services to our clients with discretionary and non-discretionary authority. Promenade Wealth's services include investment management, financial planning and consulting services. Prior to providing advisory services, clients are required to enter into a written agreement with Promenade Wealth.

Investment Management Services

We work with our clients to identify their investment goals and objectives as well as risk tolerance in order to create an initial portfolio allocation designed to complement their clients' financial goals and objectives. We may create a portfolio, consisting of, but not limited to no-load funds and/or load-waived funds, exchange traded funds, individual stocks or bonds.

Each portfolio will be initially designed to meet a particular investment goal which Promenade Wealth has determined to be suitable to our client's circumstances. Once the appropriate portfolio has been determined, we will review the portfolio and rebalance the account based upon our client's individual needs, stated goals and objectives. Promenade Wealth's strategy, generally, will be to seek to meet client investment objectives while providing clients with access to personal advisory services. Promenade Wealth may also provide advice about any type of legacy position or other investment held in client portfolios.

Promenade Wealth has a disciplined rebalancing approach that is 'Tolerance Bands' based and not time-based. Asset class weights are regularly checked against targets to determine if a tolerance band has been surpassed. This approach aims to capture potential returns over time through the process of systematically selling high and buying low.

As a fiduciary, Promenade Wealth always acts solely in your best interests. Your portfolio is customized based on your investment objectives. You may make requests or make suggestions in writing regarding the investments made in your portfolio. Restrictions on trading which, in our opinion, are not in your best interest cannot be honored and if forced may result in the termination of our agreement.

In cases where we are not given discretion, we must receive permission from the client to make any trades on a non-discretionary basis. In non-discretionary accounts, you have the right to decide whether to act upon Promenade Wealth's recommendations. If you elect to act on any of the recommendations, you have the right to effect the transaction through a professional unaffiliated with Promenade Wealth.

Financial Planning Services

Promenade Wealth offers a broad range of financial planning and consulting services for our clients. Planning services can be provided on a stand-alone basis, or in conjunction with our investment management services. Financial Planning services are generally complimentary for clients that have investment management services and \$500,000 or more assets under management. The exception would be if financial planning is requested for complex situations beyond our normal scope listed below. The services take into account information collected from the client such as financial status, investment objectives, tax status, and financial resources among other data. With respect to estate planning and tax planning, our role will be that of a coordinator between you and your designated professional(s).

Financial Planning includes, in all or part, but is not limited to, the preparation of a financial plan for an investment advisory client which may include reviews and recommendations on any or all of the following areas depending on the client's circumstances:

- **Investment Planning:** Determine with the client, based on their goals, time horizon and risk tolerance, how to structure a suitable portfolio (using mutual funds and ETF's) using principles of diversification, asset allocation, and sometimes asset location.
- **Portfolio review and evaluation:** Assessment of a client's existing portfolio to determine suitability of their current investments, and in some cases, evaluating the differences between such and the methods Promenade Wealth utilizes to manage assets. Evaluation can include weighting of asset classes, types of securities used, concentrated positions, tax efficiency of investments, expense ratios and so forth.
- **Capital Needs Analysis (Goal Funding):** A method using time value of money calculations to determine how much a client would need to save, at a given level of return, every month or year in order to achieve a certain financial goal, such as paying for 4 years of college for their child.
- **Tax Management and Planning:** Forward-looking tax strategy that can help a client minimize their tax expenses and maximize what they have to invest. This can include planning for Roth Conversions, Strategic Charitable giving, Deferring income into tax advantaged retirement accounts and tax-loss harvesting.
- **Trust and Estate Planning:** Helping a client understand how assets are distributed upon death, and at times, working with their estate planning attorney to achieve both their financial and estate planning goals. This also involves review of beneficiary designations and ensuring clients have the proper and updated documents drafted to ensure they are always in control of how assets will be distributed.
- **Retirement Planning:** Gathering data that relates to a client's assets, liabilities, expenses, goals and savings, and evaluating such to determine the most appropriate strategy to achieving the greatest probability of being able to retire in the lifestyle they desire and maintain such for the rest of their lives.
- **Social Security:** Helping a client decide when to file for social security is a critical part of the retirement planning process. Married clients are advised on how to make their selections based on their particular circumstances as a couple and can involve a complex analysis that takes into consideration longevity, income needs, and whether the client/s intend to work in their retirement.
- **Employee Benefits:** If a client is an employee and has access to benefits, an analysis of available benefits can be done together with the client, offering advice on what benefits should be selected based upon the particular client's wishes, goals and family needs. These can include various types of insurance, Flexible Spending accounts, Employee Stock Purchase plans, Restricted Stock Awards, Options, and so on.
- **Education Planning:** Helping clients plan financially for the expenses involved in educating their children or grandchildren/other relatives and the function of various tax advantaged ways of saving for such expenses such as with a 529 plan and annual gifting.
- **Budgeting and Cash Flow Planning:** Determining with the client what their net income and monthly/annual expenses are so as to determine where costs might be reduced to produce additional cash flow that can be allocated towards goals.
- **Debt Management:** Where a client has debts, gathering data on the nature and interest rates being paid on all liabilities, then completing a cash flow analysis to come up with the best strategy for tackling the paying down of debt in the most efficient way possible.
- **Business Planning:** If a client has or wishes to set up a small business, advice can be provided on entity selection, setting up of a retirement plan, employee benefits, and potentially a cross-purchase/buy-sell agreement.

- **Charitable Giving:** When a client wishes to be philanthropic, Promenade Wealth can assist the client in how to leverage their investments to maximize contributions and receive tax advantages simultaneously. This can include gifting required minimum distributions (RMD's), setting up of Donor Advised Funds or direct gifting of highly appreciated securities, to name a few.
- **Insurance Analysis:** Gathering data on all current insurance that a client may have such as life, disability, and long term care policies and running an analysis to ensure that there is an adequate transfer of financial risk to an insurance company and a client still has the opportunity to meet their financial goals should something unforeseen occur such as a premature death or an disability.
- **Risk Management (Life and Disability Insurance):** Promenade Wealth does not sell insurance products but can offer advice on what types of insurance a client may need or be lacking and how much would be adequate to ensure their goals are still met in the event of a disability or premature death.
- **Disability Planning and Income Protection:** Using various planning tools, an analysis of any current income protection a client may have through work (or owned individually) is completed to determine whether there are any "gaps" that might leave the client's family unable to meet financial goals and if so, providing advice to assist the client in finding the appropriate coverage.

Financial planning services can vary and are customized depending on each client's complexity and circumstances. The financial planning services will be defined and agreed upon by both parties in advance. For example, a client not using Promenade Wealth's investment management services may request a comprehensive financial plan, or certain components of our planning services.

The amount of time it could take to provide each of the financial planning services will depend on the client's unique circumstances and will vary from client to client. Our services are customized based on what a client may request. In addition, the amount of time it takes to provide these services is dependent on the quality and scope of the information that is provided by the client to the advisor.

Clients are encouraged to review their plans on a regular basis.

Promenade Wealth has a conflict of interest because it offers both financial planning and investment management services. When providing financial planning services, Promenade Wealth has an incentive to recommend itself for investment management services as Promenade Wealth receives additional compensation. Promenade Wealth mitigates this conflict of interest by disclosing this conflict to you and disclosing that clients always have the right to decide whether to act on any of the recommendations made by Promenade Wealth and if you elect to act on any of the recommendations, you have the right to effect the transactions through a professional unaffiliated with Promenade Wealth. Our fiduciary obligation is to always act and recommend in the clients' best interest.

When we provide investment advice to you regarding your retirement plan account or individual retirement account, we are fiduciaries within the meaning of Title I of the Employee Retirement Income Security Act and/or the Internal Revenue Code, as applicable, which are laws governing retirement accounts. The way we make money creates some conflicts with your interests, so we operate under a special rule that requires us to act in your best interest and not put our interests ahead of yours. As fiduciaries we are obligated to do the following:

- Meet a professional standard of care when making investment recommendations (give prudent advice);
- Never put our financial interests ahead of yours when making recommendations (give loyal advice);
- Avoid misleading statements about conflicts of interest, fees, and investments;
- Follow policies and procedures designed to ensure that we give advice that is in your best interest;
- Charge no more than is reasonable for our services; and
- Give you basic information about conflicts of interest.

Consulting Services

Promenade Wealth provides a wide array of customized consulting services which may vary greatly in depth and scope and may be offered in a variety of different situations or circumstances that relate to your financial picture. We may consult with you regarding topics that are not covered under our general financial planning services or may not rise to the level of financial planning in the extent of data-gathering and breadth and depth of recommendations. We may consult on such items as a real estate purchase, a sale analysis or review of a financial account. Financial accounts may be accounts that are held at other firms or qualified retirement accounts held through the Client's employer. The scope and cost of our consulting services are defined in writing prior to the engagement and will depend on the complexity of the situation. Consulting services will be offered to any client who the advisor deems to have circumstances that could be aided by our consulting services. Some factors in this determination may be the advisor's experience and level of expertise with the situation. Clients always have the right to decide whether to engage Promenade Wealth for consulting services.

4c: Client Tailored Relationships and Restrictions

As a fiduciary, Promenade Wealth always acts solely in your best interests. Your portfolio is customized based on your investment objectives. You may make requests or make suggestions regarding the investments made in your portfolio. Restrictions on trading which, in our opinion, are not in your best interest cannot be honored and if forced may result in the termination of our agreement.

You are under no obligation to act upon Promenade Wealth's or associated person's recommendations.

4d: Wrap Fee Program

Promenade Wealth does not sponsor nor provide portfolio management services to a wrap fee program.

4e: Assets under Management (AUM)

Promenade Wealth as of December 31, 2024, has **\$67,466,000** in discretionary reportable assets under management and \$0 in non-discretionary reportable assets under management for a total of **\$67,466,000** in assets under management.

ITEM 5 – FEES AND COMPENSATION

5a, b, c & d: Fee Schedules, Payments & Options

Investment Management

ASSETS UNDER MANAGEMENT	ANNUAL FEE (%)
First \$1,000,000	0.90%
Next \$1,000,000	0.60%
Assets Over \$2,000,000	0.40%

Our standard Fee Schedule above is discounted for our legacy clients (who joined us prior to January 1, 2023) as shown in the table below:

ASSETS UNDER MANAGEMENT	ANNUAL FEE (%)
First \$1,000,000	0.90%
Next \$1,000,000	0.50%
Assets Over \$2,000,000	0.30%

Promenade Wealth has a minimum annual fee of \$4000. Promenade Wealth's minimum fee will only apply to accounts opened after March 5, 2021. Total fees collected will not exceed 2% of assets under management.

Fees are negotiable. Fees may differ based on a number of factors:

- Size of the relationship – Larger accounts may receive more favorable pricing.
 - Accounts within the same household will be combined under a signed householding form for a reduced fee unless the client instructs otherwise.
 - Level of services needed – Accounts requesting more services may have higher fees.
 - Comprehensive Financial Planning
- Our employees and their family related accounts are charged a reduced fee for services.
 - For purposes of determining value, securities and other instruments traded on a market for which actual transaction prices are publicly reported are valued at the last reported sale price on the principal market in which they are traded.

Compensation for our services will be calculated in accordance with what is set in the client agreement. We may modify the terms of any agreement by written changes submitted to the client for signature. While we strive to maintain competitive fees, the same or similar services may be available from other firms at higher or lower fees.

Promenade Wealth requires written authorization from the client to deduct advisory fees from an account held by a qualified custodian. Promenade Wealth fees are paid from your account by the custodian when we submit an invoice to them. At the same time Promenade Wealth sends the qualified custodian written notice of the amount of the fee to be deducted from the client's account, in all instances, Promenade Wealth will send the client a written invoice including the fee, the formula used to calculate the fee, the fee calculation itself, the time period covered by the fee and, if applicable, the amount of assets under management on which the fee was based. The invoice will contain the name of the custodian on the invoice. We strongly urge you to compare our invoices with the fees listed in the custodian account statements.

Invoicing includes any fee arrangement with third-party investment advisers, if the third-party adviser sends invoice information, which includes Promenade Wealth's advisory fee, and if the third-party adviser sends the invoice information directly to the client on behalf of Promenade Wealth. If any invoice information relating to Promenade Wealth's advisory fees is missing, Promenade Wealth will provide the missing information.

Promenade Wealth fees are paid quarterly in advance based on the value as of the last business day of the prior quarter, with payment due within 10 days from the date of the invoice. Our fee is determined by taking the percentage rate we charge, divided by four, times the market value of the account. The market value is the sum of the values of all managed assets in the account, not adjusted by any margin debit.

In cases where there are partial fees at the commencement or termination of our agreement, they will be billed or refunded on a pro-rated basis contingent on the number of days the account was open. Quarterly fee adjustments for additional assets received into the account during a quarter or for partial withdrawals will also be provided on the above pro rata basis.

If there is insufficient cash in your account to pay your fees, securities in your portfolio may be sold to pay our fee.

In addition to our fees, there may be custodial, mutual fund, 12b-1 fees or similar third party management fees and charges. *See 5c: Third Party Fees below.*

Financial Planning Fees

Where a client requests financial planning services, fees are charged at an hourly rate of \$300 per hour. These arrangements will be defined and agreed upon by both parties via the financial planning agreement.

The fees are negotiable. For clients who also engage Promenade Wealth for investment management services, we may waive or offset all or a portion of its fees for the financial planning and/or consulting services.

Promenade Wealth does not require a retainer for this service. Financial Planning fees will be billed in arrears upon delivery of the plan or completion of the agreed services, with payment due within 10 days from the date of the invoice.

Financial Planning fees may be paid by personal check or the client may elect by written authorization to have their fee debited from investment management non-qualified accounts approved for such fee debit payments. Fees may be billed on a quarterly basis. In all instances, Promenade Wealth will send the client a written invoice concurrent with the request for payment.

The invoice will include the fee, the formula used to calculate the fee(s), the fee calculation itself, the time period covered by the fee(s) and the name of the custodian.

Promenade Wealth does not take receipt of more than \$500 in fees per client six (6) months in advance. Clients may terminate these contracts at any time. When an agreement is terminated, Promenade Wealth will invoice for all earned fees as of the date of termination based on the services completed. Promenade will deliver the completed portion of any documents to the client.

Consulting Services

Fees for consulting services are based on an hourly rate of \$300 per hour. All fees will be disclosed to each client in writing prior to the engagement, and clients always have the right to decide whether to engage Promenade Wealth for Consulting Services. The services may be billed at the time work is performed, although contracts may specify the total number of hours expected in total. Fees are due within ten (10) days of invoice. Consulting fees are negotiable.

Consulting fees may be paid by personal check or the client may elect by written authorization to have their fee debited from investment management non-qualified accounts approved for such fee debit payments. In all instances, Promenade Wealth will send the client a written invoice concurrent with the request for payment. The invoice will include the fee, the formula used to calculate the fee(s), the fee calculation itself, the time period covered by the fee(s) and the name of the custodian. Clients may terminate these contracts at any time.

When an agreement is terminated, we will refund any pre-paid, unearned fees based on hours billed in advance. Refunds will be made within 30 days of the effective date of termination. If billing in arrears, Promenade Wealth will invoice for all earned fees based on hours completed as of the date of termination.

Lower fees for comparable services may be available from other sources. If a conflict exists between the interests of the Advisor or its associated persons and the interest of the client, the client always has the right to decide whether to act on any of the recommendations made by Promenade Wealth and if you elect to act on any of the recommendations, you have the right to effect the transactions through a professional unaffiliated with Promenade Wealth. Our fiduciary obligation is to always act and recommend in the clients' best interest.

Sub-advisory Fees

Advisor may determine that all or a portion of the assets in the account be managed by an outside investment manager or subadvisor. Fees charged by a subadvisor will be fully disclosed to Client. Subadvisory fees may be paid by adviser from its advisory fees and will not result in increased fees to Client. For the purposes of this section, the Adviser is authorized to use its discretion in selecting or changing a subadvisor and/or outside money manager to the account without prior approval from the Client. Client may be required to execute a limited power of attorney with a subadvisor selected by adviser under this section.

5c: Third Party Fees

You are responsible for the payment of all third party fees (i.e. custodian fees, mutual fund fees, 12b-1 fees, transaction fees, etc.). Those fees are also separate and distinct from the fees we charge. Promenade Wealth does the best we can to minimize all fees and transaction costs.

All brokerage commissions, stock transfer fees, 12b-1 fees and other similar charges incurred in connection with transactions for the account will be paid out of the assets in the account and are in addition to the investment management fees paid to us. While we take measures to ensure the fees charged are accurate, it is your responsibility to ensure the amount of fee charged is correct. In addition to invoices and reports sent by us, you will receive statements directly from the custodian or mutual funds or other investments you hold. We strongly urge you to compare our invoices and reports to custodian statements for accuracy.

5.d: Termination

The investment advisory contract may be terminated by the client within five (5) business days of signing the contract without incurring any advisory fees or penalty. Ongoing, Promenade Wealth or our clients can terminate our agreement upon receipt of written notice to the other party.

When an agreement is terminated, we will refund any pre-paid, unearned fees based on the number of days remaining in the quarter after termination. Refunds will be made within 30 days of the effective date of termination.

You will be responsible for paying all fees including full quarterly custodial administrative fees, account closure fees, mutual fund fees and all trading costs due to the termination. If there is insufficient cash in the account, the liquidation of some securities may be used to pay the fees. Prior to termination of an agreement, we can provide a good-faith estimate of these fees.

5e: Other Investment Compensation

Promenade Wealth does not accept commission for the sale of securities or other investment products, including asset-based sales charges or service fees from the sale of mutual funds.

ITEM 6 – PERFORMANCE-BASED FEES AND SIDE-BY-SIDE MANAGEMENT

Promenade Wealth does not charge advisory fees on the performance of funds or securities in your account.

ITEM 7 – TYPES OF CLIENTS

Promenade Wealth generally provides asset management and financial planning services to the following types of clients:

- Individuals
- High-Net-Worth Individuals
- Trusts
- Estates
- Charitable Organizations
- Corporations

Minimum Account Size:

Promenade Wealth does not have an account minimum. However, we may decline to accept clients with smaller portfolios. Please note that based upon Promenade's stated fee schedule, any account with a value less than \$444,444.44 will pay a higher fee percentage as compared to the fee schedule. Total fees collected will not exceed 2% of assets under management. (*see Item 5 Fees and Compensation*).

ITEM 8 – METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

8a: Analysis

In determining the recommendations to give to you, we first gather and consider information regarding several factors including our client's:

- Current financial situation;
- Investment goals and objectives;
- Current and long-term needs;
- Tolerance and appetite for risk; and
- Level of investment knowledge.

Promenade Wealth uses multiple sources of information to obtain analysis and strategies. They include sources such as financial newspapers, financial magazines, research prepared by others, corporate rating services, prospectuses, company press releases, annual reports and filings with the SEC.

Promenade Wealth's methods of analysis include Fundamental analysis, Modern portfolio theory and Cyclical Analysis,

Fundamental analysis involves the analysis of financial statements, the general financial health of companies, and/or the analysis of management or competitive advantages.

Modern portfolio theory is a theory of investment that attempts to maximize portfolio expected return for a given amount of portfolio risk, or equivalently minimize risk for a given level of expected return, each by carefully choosing the proportions of various assets.

Cyclical analysis involves the analysis of business cycles to find favorable conditions for buying and/or selling a security.

8b: Investment Strategies

Asset Allocation

Promenade Wealth recommends a mix of asset classes for your portfolio based on an assessment of your long-term financial objectives. Where appropriate, we will recommend an allocation to high-quality, short-term and intermediate term bonds (within a broadly diversified index or asset class mutual fund) to reduce overall portfolio risk, generate a more predictable cash flow (interest income), facilitate portfolio rebalancing, and provide a hedge against inflation.

If your objective is a higher annual expected return and you are willing to accept a higher degree of risk, we will recommend a portfolio with greater weighting to stocks in general and small company and value stocks specifically (using index or asset class mutual funds). Recommended stock allocations will generally be globally diversified among the U.S., foreign developed markets, and emerging markets. In certain circumstances, we may include REITs in limited percentages. Our recommended asset allocation is not influenced by current market conditions. This asset allocation is altered only when your long-term investment objectives have changed.

Asset Allocation is based on the principle that different assets perform differently in different market and economic conditions. It is difficult to predict how any particular asset class will perform in any given year.

Diversification is a strategy for managing risk. Diversification does not ensure a profit or protect against a loss in a declining market. Asset Allocation is unlikely to generate the greatest returns since not all of the asset classes will do equally well.

Rebalancing

Asset allocations for your portfolio will change as financial markets rise and fall and the specific assets of different parts of your portfolio change. This creates the opportunity to selectively rebalance your portfolio in order to bring asset class percentages back to your policy targets. Asset classes that have risen beyond predetermined limits are sold by an amount that brings the allocation back in line with policy targets, and those that have fallen in value are purchased in the same way. This is a method of buying low and selling high that is not based on trying to predict the direction of markets or asset returns.

This rebalancing has the effect of enhancing portfolio returns while maintaining the agreed-upon risk. In order to limit rebalancing transactions and the costs associated with buying and selling mutual funds through the chosen custodian, Promenade Wealth has pre-determined ranges in which allocations may vary and at which rebalancing is initiated. Rebalancing is therefore not time-based.

Specific Investments

We generally select ETFs, mutual funds or similar securities, we may at times select individual securities or build individual stock portfolios for our clients. In these cases, Promenade Wealth examines each securities' management, financial condition, and market position and ensures that any purchases of individual securities work towards the client's portfolio goals, investment horizons and exposure to risk. Individual stocks present potential risks as prices of individual securities can move up or down due to general economic conditions, industry specific conditions, government regulations or corporate management, among other factors.

8c: Risk of Loss

All investments include a risk of loss that clients should be prepared to bear. Performance of any investment is not guaranteed. We use our best efforts and expertise to manage your assets. However, we cannot guarantee any level of performance or that you will not experience financial loss.

Fundamental analysis concentrates on factors that determine a company's value and expected future earnings. This strategy would normally encourage equity purchases in stocks that are undervalued or priced below their perceived value. The risk assumed is that the market will fail to reach expectations of perceived value.

Modern portfolio theory assumes that investors are risk averse, meaning that given two portfolios that offer the same expected return, investors will prefer the less risky one. Thus, an investor will take on increased risk only if compensated by higher expected returns. Conversely, an investor who wants higher expected returns must accept more risk. The exact trade-off will be the same for all investors, but different investors will evaluate the trade-off differently based on individual risk aversion characteristics. The implication is that a rational investor will not invest in a portfolio if a second portfolio exists with a more favorable risk-expected return profile – i.e., if for that level of risk an alternative portfolio exists which has better expected returns.

Cyclical analysis assumes that the markets react in cyclical patterns which, once identified, can be leveraged to provide performance. The risks with this strategy are two- fold: 1) the markets do not always repeat cyclical patterns; and 2) if too many investors begin to implement this strategy, then it changes the very cycles these investors are trying to exploit.

Clients should be aware that there is a material risk of loss using any investment strategy. The investment types listed below (leaving aside Treasury Inflation Protected/Inflation Linked Bonds) are not guaranteed or insured by the FDIC or any other government agency.

Mutual Funds: Investing in mutual funds carries the risk of capital loss and thus you may lose money investing in mutual funds. All mutual funds have costs that lower investment returns. The funds can be of bond “fixed income” nature (lower risk) or stock “equity” nature.

Exchange Traded Funds (ETFs): An ETF is an investment fund traded on stock exchanges, similar to stocks. Investing in ETFs carries the risk of capital loss (sometimes up to a 100% loss in the case of a stock holding bankruptcy). Areas of concern include the lack of transparency in products and increasing complexity, conflicts of interest and the possibility of inadequate regulatory compliance. Precious Metal ETFs (e.g., Gold, Silver, or Palladium Bullion backed “electronic shares” not physical metal) specifically may be negatively impacted by several unique factors, among them (1) large sales by the official sector which own a significant portion of aggregate world holdings in gold and other precious metals, (2) a significant increase in hedging activities by producers of gold or other precious metals, (3) a significant change in the attitude of speculators and investors.

Equity investments generally refers to buying shares of stocks in return for receiving a future payment of dividends and/or capital gains if the value of the stock increases. The value of equity securities may fluctuate in response to specific situations for each company, industry conditions and the general economic environments.

Fixed income investments generally pay a return on a fixed schedule, though the amount of the payments can vary. This type of investment can include corporate and government debt securities, leveraged loans, high yield, and investment grade debt and structured products, such as mortgage and other asset-backed securities, although individual bonds may be the best known type of fixed income security. In general, the fixed income market is volatile and fixed income securities carry interest rate risk. (As interest rates rise, bond prices usually fall, and vice versa.

This effect is usually more pronounced for longer-term securities.) Fixed income securities also carry inflation risk, liquidity risk, call risk, and credit and default risks for both issuers and counterparties. The risk of default on treasury inflation protected/inflation linked bonds is dependent upon the U.S. Treasury defaulting (extremely unlikely); however, they carry a potential risk of losing share price value, albeit rather minimal.

ITEM 9 – DISCIPLINARY INFORMATION

9a: Civil or Criminal Actions

Promenade Wealth and its managers have never been found guilty, convicted or plead no contest to a criminal or civil action in a domestic, foreign or military court.

9b: Administrative Enforcement Proceedings

Promenade Wealth and its managers have never been found by the SEC, any other state or federal agency or any foreign regulatory agency to have caused loss of the ability of an investment-related business to do business or been sanctioned, barred or limited in investment-related activities.

9c: Self-Regulatory Organization Enforcement Proceedings

Promenade Wealth and its managers have never been found by a self-regulatory agency to have caused loss of the ability of an investment-related business to do business. Additionally, Promenade Wealth and its managers have never been found in violation of self-regulatory agencies rules such that they were barred, suspended, limited in advisory functions or fined.

ITEM 10 – OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

10a: Broker Dealers and Registered Representatives

Promenade Wealth is not registered as a broker-dealer and our employees are not registered representatives of any broker-dealer.

10b: Registration as a Futures Commission Merchant, Commodity Pool Operator, or a Commodity Trading Advisor

Neither Promenade Wealth nor our employees hold any of the above registrations.

10c: Registration Relationships Material to this Advisory Business and Possible Conflicts of Interests

The principal business of Promenade Wealth is that of a registered investment advisor and provider of financial planning services.

Promenade Wealth will disclose any material conflict of interest relating to Promenade Wealth, our representatives, or any of our associates which could reasonably be expected to impair the rendering of unbiased and objective advice.

10d: Selection of Other Advisors and How this Advisor is Compensated for those Selections

Advisor may select outside money managers or sub-advisors. We are not compensated for that selection. Sub-advisory fees may be paid by adviser from its advisory fees and will not result in increased fees to Client. Promenade Wealth is not paid for the selection of other advisors, asset managers or portfolio managers.

ITEM 11 – CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING**11a: Code of Ethics Description**

We have adopted a Code of Ethics to which all investment advisor representatives and employees are bound to adhere. The key component of our Code of Ethics states that Promenade Wealth and its investment advisor representatives and employees shall always:

- Act with integrity, competence, dignity, and ethics when dealing with the public, clients, prospects, employers, and employees.
- Exercise its authority and responsibility for the benefit and interest of its clients first and to refrain from having outside interests that conflict with the interests of its clients. Promenade Wealth must avoid any circumstances that might adversely affect or appear to affect its duty of complete loyalty to its clients.
- Refrain from disclosing any nonpublic personal information about a client to any nonaffiliated third party unless the client expressly gives permission to Promenade Wealth to do so. All client information will otherwise be treated as confidential.
- Maintain the physical security of nonpublic information, including information stored on computers.

This Code of Ethics is in place to guide the personal conduct of our team and embodies our fiduciary duties and responsibilities to you and sets forth our practice of supervising the personal securities transactions of employees with prior or concurrent access to client trade information. A copy of the Promenade Wealth Code of Ethics is available, free of charge, upon request.

11b, c & d: Participation or Interest in Client Transactions

Promenade Wealth, or its employees, may buy and sell some of the same securities for our own accounts that we buy and sell for our clients. We will always buy or sell from our clients' accounts before we buy or sell from our accounts. In some cases, Promenade Wealth, or its employees, may buy or sell securities for our own accounts and not for clients' accounts, as it may not meet the objectives or plans for the client. There are possible conflicts of interest, which our Code of Ethics addresses. We will always evaluate our activity from the view of our clients to ensure that any and all required disclosures are made. For example, we will disclose anything that would cause you to be unfairly influenced to make any decision regarding actions or inactions in your account.

Promenade Wealth does not buy or sell between Promenade Wealth, our employees or our clients' accounts.

Promenade Wealth always tries to get the best price for the client. Promenade Wealth has in place internal controls and processes to allow contemporaneous trading (submitting Promenade Wealth or employee orders at the same time as client order) in block or aggregate trades. In other cases, except in the case of unaffiliated mutual funds, we will always trade individual securities in a client account before we trade Promenade Wealth or employee accounts.

Promenade does not recommend securities to advisory clients nor buy or sell securities for advisory client accounts in which Promenade or a related person has a material financial interest.

ITEM 12 – BROKERAGE PRACTICES

12a: Selecting Brokerage Firms

The Custodian and Brokers We Use

Promenade Wealth does not maintain custody of your assets that we manage. Your assets must be maintained in an account at a “qualified custodian,” generally a broker-dealer or bank. We recommend that our clients use Charles Schwab & Co., Inc. (Schwab), a FINRA-registered broker-dealer, member SIPC, as the qualified custodian. Promenade Wealth is independently owned and operated and not affiliated with Schwab. Schwab will hold your assets in a brokerage account and buy and sell securities when instructed to do so. While we recommend that you use Schwab as custodian/broker, you will decide whether to do so and open your account with Schwab by entering into an account agreement directly with them. If you do not wish to place your assets with Schwab, then we cannot manage your account. Even though your account is maintained at Schwab, we can still use other brokers to execute trades for your account, as described under **Your Custody and Brokerage Costs** below. Promenade Wealth does not receive any client referrals from Schwab.

How We Select Brokers/Custodians

We seek to select a custodian/broker who will hold your assets and execute transactions on terms that are overall most advantageous when compared to other available providers and their services. We consider a wide range of factors, including, among others, these:

- combination of transaction execution services along with asset custody services (generally without a separate fee for custody)
- capability to execute, clear and settle trades (buy and sell securities for your account)
- capabilities to facilitate transfers and payments to and from accounts (wire transfers, check requests, bill payment, etc.)
- breadth of investment products made available (stocks, bonds, mutual funds, exchange traded funds (ETFs), etc.)
- availability of investment research and tools that assist us in making investment decisions
- quality of services
- competitiveness of the price of those services (commission rates, margin interest rates, other fees, etc.) and willingness to negotiate them
- reputation, financial strength and stability of the provider
- their prior service to us and our other clients
- availability of other products and services that benefit us, as discussed below (*see “Products and Services Available to Us from Schwab”*)

To avoid creating a possible conflict of interest in recommending broker-dealers, we have established the following restrictions in order to ensure our fiduciary responsibilities:

1. Promenade Wealth adheres to our Code of Ethics as outlined in Item 11 above.
2. If Promenade Wealth receives separate compensation for transactions, we will fully disclose them.
3. Promenade Wealth emphasizes the unrestricted right of you to select and choose your own broker or dealer.
4. Promenade Wealth will always act in accordance with all applicable federal and state regulations governing registered investment advisory practices.

Your Custody and Brokerage Costs

For our clients' accounts it maintains, Schwab generally does not charge you separately for custody services but is compensated by charging you commissions or other fees on trades that it executes or that settle into your Schwab account. For some accounts, Schwab may charge you a percentage of the dollar amount of assets in the account in lieu of commissions. Schwab's rates may be determined by committing a certain value of assets at the custodian. This commitment benefits you because the overall rates you pay are lower than they would be if we had not made the commitment. You may also be charged a flat dollar amount as a "prime Broker" or "trade away" fee for each trade that we have executed by a different broker-dealer but where the securities bought or the funds from the securities sold are deposited (settled) into your Schwab account. These fees are in addition to the commissions or other compensation you pay the executing broker-dealer. Because of this, in order to minimize your trading costs, we have Schwab execute most trades for your account.

Products and Services Available to Us from Schwab

Schwab Advisor Services (formerly called Schwab Institutional) is Schwab's business serving independent investment advisory firms like us. They provide us and our clients with access to its institutional brokerage – trading, custody, reporting and related services – many of which are not typically available to Schwab retail customers. Schwab also makes available various support services. Some of those services help us manage or administer our clients' accounts while others help us manage and grow our business. Here is a more detailed description of Schwab's support services:

Services that Benefit You. Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of client assets. The investment products available through Schwab include some to which we might not otherwise have access or that would require a significantly higher minimum initial investment by our clients. Schwab's services described in this paragraph generally benefit you and your account.

Services that May Not Directly Benefit You. Schwab also makes available to us other products and services that benefit us but may not directly benefit you or your account. These products and services assist us in managing and administering our clients' accounts. They include investment research, both Schwab's own and that of third parties.

We may use this research to service all or some substantial number of our clients' accounts, including accounts not maintained at Schwab. In addition to investment research, Schwab also makes available software and other technology that:

- provide access to client account data (such as duplicate trade confirmations and account statements);
- facilitate trade execution and allocate aggregated trade orders for multiple client accounts;
- provide pricing and other marketdata;
- facilitate payment of our fees from our clients' accounts; and
- assist with back-office functions, recordkeeping and client reporting.

Services that Generally Benefit Only Us. Schwab also offers other services intended to help us manage and further develop our business enterprise. These services include:

- educational conferences and events
- technology, compliance, legal, and business consulting;
- publications and conferences on practice management and business succession; and
- access to employee benefits providers, human capital consultants and insurance providers.

Schwab may provide some of these services itself. In other cases, it will arrange for third-party vendors to provide the services to us. Schwab may also discount or waive its fees for some of these services or pay all or a part of a third party's fees. Schwab may also provide us with other benefits such as occasional business entertainment of our personnel.

We endeavor at all times to put the interests of our clients first. You should be aware, however, that the receipt of the types of benefits discussed above can create a potential conflict of interest by influencing our choice of a broker-dealer.

12.b: Sales Aggregation

Promenade Wealth is authorized to aggregate purchases and sales and other transactions made for your account with purchases and sales and other transactions in the same or similar securities or instruments for other clients of ours. When we aggregate transactions, the actual prices applicable to the aggregated transactions will be averaged, and the account will be deemed to have purchased or sold its proportionate share of the securities or instruments involved at the average price obtained. Stock exchange regulations may in certain instances prevent the executing broker-dealer from delivering to the account a confirmation slip with respect to its participation in the aggregated transaction and, in such event, we will advise you in writing of any purchase or disposition of instruments for the account with respect to any such aggregated transaction. We will direct that confirmations of any transactions effected for the account will be sent, in conformity with applicable law, to you.

ITEM 13 – REVIEW OF ACCOUNTS

13a: Periodic Reviews

Accounts are managed and reviewed by Anita L. Gray, CCO. The frequency of reviews is determined based on your investment objectives, but no less than quarterly. Accounts are reviewed to determine if the positions, transactions and strategies are consistent with the Client's stated investment objective(s) and whether any rebalancing or adjustments may be necessary.

Financial planning clients receive their financial plans and recommendations at the time the service is completed. Depending on the type of financial planning service requested, we may meet on a regular basis with you to discuss any potential changes to your financial plan.

13b: Review Triggers

More frequent reviews are triggered by a change in your investment objectives; tax considerations; large deposits or withdrawals; large sales or purchases; loss of confidence in corporate management; or, changes in economic climate.

13c: Regular Reports

All investment advisory clients receive reports as needed, but no less than annually, on representative investments recommended specifically by Promenade Wealth. Reports are generated through Tamarac based on custodian data. Tamarac is a division of Envestnet, Inc. a provider of integrated, web-based portfolio rebalancing, performance reporting and customer relationship management software for independent advisors. Performance Reporting reports may contain such items as: Performance Review, Summary by Account, Asset Allocation, Security Performance, Realized Gains/Losses, Holdings, and Transactions that occurred during the period. Custodian data is provided to Tamarac directly and reports are generated only using the custodian data.

Investment advisory clients also receive standard account statements from the custodian of their accounts on at least a quarterly basis.

Financial planning clients do not normally receive investment reports.

ITEM 14 – CLIENT REFERRALS AND OTHER COMPENSATION

14a: Economic Benefits Provided by Third Parties for Advice Rendered to Clients

We receive an economic benefit from Schwab in the form of the support products and services it makes available to us and other independent investment advisors that have their clients maintain accounts at Schwab. These products and services, how they benefit us, and the related conflicts of interest are described above (*see Item 12 – Brokerage Practices*). The availability to us of Schwab's products and services is not based on us giving particular investment advice, such as buying particular securities for our clients.

Promenade Wealth does not receive economic benefits from third parties for the advice we render to our clients. As disclosed in Item 12 above, broker-dealers may provide services, tools or other non-financial benefits to us as a benefit for using the broker-dealer's services. However, we endeavor at all times to put the interests of our clients first. You should be aware, however, that the receipt of benefits can create a potential conflict of interest by influencing our choice of a broker-dealer.

14b: Compensation to Non-Advisory Personnel for Client Referrals

Promenade Wealth does not directly or indirectly compensate any person for client referrals.

ITEM 15 – CUSTODY

Promenade Wealth clients' accounts are held by a qualified custodian, as designated by the client in writing, and other than to withdraw advisory fees, Promenade Wealth shall have no liability to the client for any loss or other harm to any property in the account. This includes harm to any property in the account resulting from the insolvency of the custodian or any unauthorized acts of the agents or employees of the custodian and whether or not the full amount or such loss is covered by the Securities Investor Protection Corporation ("SIPC") or any other insurance which may be carried by the custodian. The client understands that SIPC provides only limited protection for the loss of property held by a broker-dealer.

As a fiduciary, Promenade Wealth will always act in the client's best interests and in doing so, the above does not limit or modify that duty to our clients. Custodial statements will include fees charged by Promenade Wealth. At the same time, we invoice the custodian, we will provide an invoice to you that includes our rate, the value of assets and the resulting fee. We strongly urge you to compare these statements for accuracy.

As described in Item 9 B of ADV Part 1A Promenade Wealth has custody of client funds and securities in connection with advisory services. Both the amount and number of clients included in the Item 9 of ADV Part 1 custody figures are solely because of the SLOA(s); and the firm hereby attests that the investment adviser is complying with each of the requirements and conditions enumerated in [Securities Act Policy Statement 23](#)

ITEM 16 – INVESTMENT DISCRETION

Promenade Wealth asks our clients to give us discretionary authority to execute transactions without our client's prior approval. These transactions may include the purchase and selling of securities, arranging for payments or generally acting on behalf of our clients in most matters necessary to the handling of the account. This includes the buying or selling of securities, the rebalancing and selection of portfolios, the selection of portfolio managers or subadvisors or the disbursement of funds to the client as requested or arranged. Discretionary authority is granted once an election is made on the Investment Advisory Agreement and the agreement is signed by the client. In cases where we are not given discretion, we must receive permission from the client to make any trades on a non-discretionary basis.

You may make requests or make suggestions regarding the investments made in your portfolio. Restrictions on trading which, in our opinion, are not in your best interest cannot be honored and if forced may result in the termination of our agreement.

ITEM 17 – VOTING CLIENT SECURITIES

The clients of Promenade Wealth retain the authority to proxy vote. You should ensure that proxy ballots are mailed directly to you by selecting this option on your custodial application forms. You are welcome to delegate said proxy voting authority to a third-party representative (non-advisory personnel) by filing the appropriate custodial form. Promenade Wealth will not accept authority to vote client proxies. This policy is set forth in Promenade Wealth's standard advisory agreements. Proxy material will be sent from the transfer agent and in rare cases could come from Schwab.

Should Promenade Wealth inadvertently receive proxy information for a security held in clients' accounts, it would immediately forward such information on to clients, but will not take any further action with respect to the voting of such proxy. Upon termination of the advisory relationship, Promenade Wealth will make a good faith and reasonable attempt to forward proxy information inadvertently received on behalf of clients to the forwarding address provided by clients. Clients may contact Promenade Wealth for advice or information about a particular proxy vote; however, Promenade Wealth shall not be deemed to have proxy voting authority solely as a result of providing such advice to clients.

ITEM 18 – FINANCIAL INFORMATION

18a: Balance Sheet

Promenade Wealth does not solicit prepayment of more than \$500 in fees per client six (6) months or more in advance.

18b: Financial Conditions

Promenade Wealth has no financial issues that could impair our ability to carry out our fiduciary duty to our clients.

18c: Bankruptcy Petition

Promenade Wealth has never been the subject of a bankruptcy petition.

ITEM 19 – REQUIREMENTS FOR STATE-REGISTERED ADVISERS

19a&b. Principal Executive Officers: Education, Background & Other Businesses

Promenade Wealth's executive officer is Anita L. Gray. The formal education and business background may be reviewed within Part 2B Form ADV for Anita L. Gray.

19c. How Performance Based Fees Are Calculated and Degree of Risk to Clients

As stated above, Promenade Wealth does not accept performance-based fees or other fees based on a share of capital gains on or capital appreciation of the assets of a client.

19d. Material Disciplinary Disclosures for Management Persons of this Firm

Other than disclosures made in Item 9 above, neither Promenade Wealth nor our employees have been involved in an arbitration claim or been found liable in a civil, self-regulatory organization, or administrative proceeding.

19e. Material Relationships Management Persons Have with Issuers of Securities

Neither Promenade Wealth nor our employees have any relevant material relationships with issuers of securities.

ANITA LINDA GRAY, CFP®

Professional Designation:

CERTIFIED FINANCIAL PLANNER™ (CFP®)

Explanation of Designations:

CFP®: CERTIFIED FINANCIAL PLANNER™

The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered professional certification marks (collectively, the “CFP® marks”) granted by the United States by Certified Financial Planner Board of Standards, Inc. (“CFP® Board”).

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold a CFP® certification.

To attain the right to use the CFP® designation, an individual must satisfactorily fulfill the following requirements:

- Education – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and as of January 2007, attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- Examination – Pass the comprehensive CFP® Certification Examination. The examination, administered in 10 hours over a two-day period, includes case studies and Client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- Experience – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- Ethics – Agree to be bound by CFP Board's *Standards of Professional Conduct*, a set of documents

Individuals who become certified must complete ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks. This requires 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and renewal of an agreement to be bound by the *Standards of Professional Conduct*. The Standards prominently require that CFP® professionals provide

financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their Clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

ITEM 3 – DISCIPLINARY INFORMATION

Anita Linda Gray has no legal or disciplinary events that are material to you or a prospective client's evaluation of this advisory business.

ITEM 4 – OTHER BUSINESS ACTIVITIES

The principal business of Anita Linda Gray is that of investment advisor representative and financial planner. She has no other business related activities.

ITEM 5 – ADDITIONAL COMPENSATION

Other than work with Promenade Wealth and any disclosures made in Items 2 and 4 above, Anita Linda Gray receives no additional compensation related to outside business activities.

ITEM 6 – SUPERVISION

Anita Linda Gray is the Chief Compliance Officer of Promenade Wealth and is the supervising member of the firm. Anita Linda Gray will be supervising her own activities. Anita Linda Gray remains aware of and keeps in compliance with the current rules and regulations put forth by each ruling regulatory authority where we conduct our business. Ms. Gray will adhere to the Firm's Policies and Procedures.

Anita Linda Gray is located at 1627 Tanner Falls Way SE, North Bend, WA 98045 and can be reached by calling (206) 641-9019.

ITEM 7 - REQUIREMENTS FOR STATE REGISTERED ADVISORS

Other than any disclosures made in Item 3 above, Anita Linda Gray has not been found liable in any additional material arbitration or liable in a civil, self-regulatory organization, or administrative proceeding.

Anita Linda Gray has never been the subject of a bankruptcy petition.
